This guide provides brief information about Bis-Man Transit (door-to-door paratransit service) and Capital Area Transit (fixed route service). It was intended to give service providers resources they need when they refer people to use public transportation services in the Bismarck, Mandan, and Lincoln area. If you have questions about our paratransit or fixed-route bus service after reviewing this guide, please call our Bis-Man Transit office at 701.258.6817.

### ***Bis-Man Transit Paratransit Service***

For eligible riders who have a disability that prevents them from making some or all of their trips on the fixed-route system, Bis-Man Transit offers a shared ride, door-to-door service called paratransit. This service is sometimes called "ADA Paratransit Service" because it is provided to meet the requirements of the Americans with Disabilities Act of 1990 (ADA) and ensures all individuals have the opportunity to use public transportation services.

Paratransit schedules and provides service to ADA paratransit eligible persons at any requested time on a particular day in response to a request for service made at least on day in advance. Hours of operation for paratransit are Monday to Saturday from 5:30 AM to 12:00 AM; Sunday from 7:30 AM to 2:30 PM.

### ***Capital Area Transit Fixed Route Service***

Capital Area Transit (CAT) is committed to providing transportation services that can be used for all of our customers. Fixed-route buses operate on set routes throughout the Bismarck and Mandan communities. All fixed-route buses have lifts or are low-floor with a kneeling feature to better serve riders who use wheelchairs or have difficulty getting up and down the vehicle steps. Our fixed-route vehicles are 100% accessible.

For everyone's benefit and to comply with federal requirements, drivers announce route timing points and transfer points to help riders recognize their bus stop or point of transfer. A limited number of seats are usually available near the entrance of the bus for persons who have mobility concerns. Reserved spaces with tie-down straps and drivers assistance are available for riders who use wheelchairs.

Persons with disabilities and seniors age 65 or older may show their Bis-Man Transit membership card or other approved verification of age or disability to receive free fares on the CAT. If someone has a verifiable disability and would like a Bis-Man Transit paratransit ID card to receive free fare, he or she needs to fill out and submit the Bis-Man Transit application which can be obtained by calling 701.258.6817 or found online at [www.bismantransit.com](http://www.bismantransit.com). We encourage our customers with disabilities and seniors to take advantage of the flexibility, independence, and no cost option that our fixed route services provide.

Students in grades K-12 and college, Medicare card holders, and Veterans can receive the reduced fare rate. Proper identification such as a form of school identification is required for students, and presentation of a Medicare card or military ID is required.

For route and schedule information, travel training information, or any questions you may have about using the CAT bus fixed route bus services, call 701.258.6817 or visit our website at [www.bismantransit.com](http://www.bismantransit.com).

### **Section 2.8 - Paratransit Driver Responsibilities**

Bis-Man Transit has a list of rules to ensure the safety of drivers and riders and to provide a positive riding experience. Drivers will adhere to the same standards of common courtesy and personal hygiene as those required of the riders.

- Treat riders with courtesy.
- Be uniformed appropriately.
- Stay within sight of their vehicle at all times.
- Maintain the assigned service schedule for the convenience of all riders.
- With permission, assist riders when entering or leaving the vehicle.
- Provide rider assistance when instructed by dispatcher.
- On request, the driver will assist riders between the vehicle and up to the entrance of a house, apartment building, or other building.
- Drivers are allowed to carry no more than what they can carry in one trip per paratransit eligible rider (maximum total weight of 25 pounds).
- Assure seat belts and all mobility devices are properly secured.
- Follow the guidelines for pick up and drop offs.
- Maintain radio contact with dispatch.
- Collect fares for riders' trips as appropriate.
- Follow all safety protocols put in places by Bis-Man Transit.

On request, the driver will assist passengers between the vehicle and entrance of a house, apartment building or other building. Such assistance must be requested in advance by notifying the scheduler when you make your reservation. If the passenger has indicated on their application that they require driver assistance regularly, this shall be indicated on the driver's schedule for all future trips.

Driver assistance ends when the driver has assisted the passenger in getting through the main door of the building. This includes assistance through a short entryway into the climate-controlled portion of the building. If the passenger needs additional assistance beyond the main door, they must have someone meet them at the door or have a personal care attendant ride along. The driver will not assist customers in wheelchairs into buildings that are not accessible (other than opening doors), nor will drivers push wheelchairs through areas that have not been cleared of snow.

If requested, the driver will assist with either two grocery-size bags or one small collapsible cart. The driver will not bring packages past the first door. Space for packages is limited. The rider must be able to carry their packages in one trip and the packages must be safely secured while on the vehicle. Guests and personal care attendants are expected to assist the passenger.

Bis-Man Transit reserves the right to refuse service or load at a location deemed as unsafe for the passenger, driver or the vehicle/equipment, including areas not cleared of snow. The driver will attempt to find an alternate loading point which is deemed to be safe by the driver and acceptable by the passenger. The driver must be able to keep the vehicle in sight at all times, and cannot assist passengers to an entrance that hinders this.

Service will be impacted during a snow event. The drivers will only travel on roads that are reasonably clear of snow. If a passenger is leaving their residence during a snow event and plans to return to that residence that day, it is the responsibility of the passenger to arrange for snow removal on their property so there is a clear path for the driver to assist the passenger to the door. The driver is not to shovel a path to the door for the passenger.

If a major snow event is probable, service may be cancelled by Bis-Man Transit. Passengers are to listen to local media to find out if service has been canceled. If it appears during the afternoon that service may be canceled the next day, staff may contact riders to determine an appropriate course of action.

Ramps to the passenger's door must be safe for both the passenger and the driver. The passenger is responsible for arranging for the ramp to be free of snow and ice.

Passengers unable to independently conduct themselves inside an origin/destination building lobby must have someone meet them at the door or have a personal care attendant (PCA) ride along. If the destination building is locked, a PCA is not along, and no one is available to meet the customer, the driver, after first receiving approval from the Dispatcher, may return the customer to the place of origin at the next available trip. If this is not an option, the rider will be returned to the bus and remain on board until the driver receives instructions from the Dispatcher. The driver will continue completing scheduled trips so as not to delay another passenger's service. Once Dispatch makes contact with the rider's guardian/PCA, the driver will be instructed to return to the drop-off point as their trip schedule permits.

Bis-Man Transit will track policy violations, specifically those that result in delays for other riders and overall system productivity. Violations prior to the policy approval will not be assessed.

On the day the rider violates the policy, the following progressive action will be taken:

- First violation (1<sup>st</sup> ride) — A warning letter will be issued advising the rider/guardian of the policy violation and informing them of the next steps that may be taken.
- Second violation (2<sup>nd</sup> ride) — Customer will receive a seven (7) day suspension.
- Third violation (3<sup>rd</sup> ride) — Customer will receive a fourteen (14) day suspension.
- Fourth violation (4<sup>th</sup> ride) — Customer will receive a twenty-one (21) day suspension.
- Subsequent violations will result in an additional seven (7) day suspension. (5<sup>th</sup>+ ride)

Violations will be tracked on a **sixty (60) day** rolling calendar period.

### **Appealing a Warning or Suspension**

Customers are given the opportunity to appeal a suspension of service with Bis-Man Transit. If any customer using the Bis-Man Transit system has a concern or disagreement, they are asked to submit their issue in writing. All written appeals will be investigated and a response will be issued within five (5) working days.

If the customer is not satisfied with the response received from the Administrative office, they have the right to appeal the decision to the Bis-Man Transit Board of Directors at their next scheduled meeting. After the Board of Directors has reviewed the situation, they will provide a written response within ten (10) working days. If the customer is not satisfied, they have the right to submit a complaint to the Federal Transit Administration at 1200 New Jersey Avenue, SE, Washington, DC 20590 United States.

### ***Section 2.9 - CAT Driver Responsibilities***

Bis-Man Transit has a list of rules to ensure the safety of drivers and riders and to provide a positive riding experience. Drivers will adhere to the same standards of common courtesy and personal hygiene as those required of the riders.

- Treat riders with courtesy.
- Be uniformed appropriately.
- Stay within sight of their vehicle at all times.
- Maintain the assigned service schedule for the convenience of all riders.
- Assist riders with trip planning questions, while maintain safe operation.
- Follow all safety protocols put in places by Bis-Man Transit.

Drivers are NOT permitted to:

- Enter a rider's residence or other buildings
- Access a rider's personal wallet, purse, or backpack
- Perform any personal care assistance for riders
- Lift or carry riders or wheelchairs up or down steps
- Call riders to pick them up earlier or later than scheduled (all drivers must only use the dispatcher to communicate with riders)

## SECTION 3: PARATRANSIT ELIGIBILITY

### ***Section 3.1 - Paratransit Eligibility Criteria and ADA Paratransit Eligibility***

Bis-Man Transit paratransit service is intended to provide transportation services to individuals with disabilities and seniors age 70 or older who are unable to independently use the fixed-route CAT Bus system. To be eligible to use paratransit, riders must be considered eligible based on the application process.

Paratransit eligibility is based on a functional, rather than medical model. Persons are not qualified or disqualified on the basis of a specific diagnosis or disability. An individual will be certified as paratransit eligible if there is any part of the CAT fixed-route system in the designated service area which cannot be used or navigated by that individual because of a disability.

The three categories of ADA paratransit eligibility established by the federal government are listed below:

#### **Category 1 - Persons unable to board, ride, or disembark fully accessible fixed-route services**

Any individual with a disability who is unable, as the result of a physical or mental impairment, including a visual impairment) and without the assistance of another individual (except the operator of a wheelchair lift or other boarding assistance device), to board, ride, or disembark from any vehicle on the system which is readily accessible to and unable by individuals with disabilities. [37.123 (e)(1)]

An example of eligibility under this category includes persons with mental disabilities or vision impairments who cannot "navigate the system" or otherwise cannot physically use fixed-route services. This would include people with physical disabilities who cannot stand on a bus, get on or off the lift, or proceed from the wheelchair securement area without assistance except as provided by the driver or other employee of the service.

#### **Category 2-Persons unable to board, ride, and disembark even if the vehicle is accessible (equipped with a ramp or lift)**

Any individual with a disability who needs the assistance of a wheelchair lift or other boarding assistance device and is able, with such assistance, to board, ride, and disembark from any vehicle that is readily accessible to and unable by individuals with disabilities if the individual wants to travel on a route of the system during the hours of operation of the system at a time, or within a reasonable period of such time, when such a vehicle is not being used to provide designated public transportation on the route. [37.123 (e)(2)]

Eligibility under this category depends on the accessibility of vehicles and routes. A person is eligible for paratransit service if the fixed route on which they want to travel is not yet accessible.

- An individual is eligible for paratransit if a vehicle's lift or boarding device could not be deployed at the stop which they want to use
- An individual is eligible if they use a wheelchair but cannot be served by the fixed- route system because the lift on the vehicle they need fails to work
- All Capital Area Transit vehicles are 100% accessible

**Category 3 - Persons unable to travel to the boarding location or from the disembarking location.**

Any individual with a disability who has a specific impairment-related condition which prevents such individual from traveling to a boarding location or from a disembarking location on such system.

[37.123(e)(3)]

Environmental conditions and architectural barriers not under control of the public entity, do not, when considered alone, confer eligibility. If, however, travel to or from a boarding location is prevented when these factors are combined with the person's specific impairment-related condition, paratransit service must be provided. Examples of architectural and environmental factors that, in combination with certain disabilities, could prevent travel include: lack of curb cuts, the distance from the stop to the trip origin or destination, snow or ice, temperature extremes, major intersections, or temporary construction projects.

***Section 3.2 - Eligibility for Discount Fare on Fixed-Route CAT Buses***

The paratransit ID card issued by Bis-Man Transit entitles an individual to ride the fixed-route CAT Bus System (Capital Area Transit) for free. The rider must show the Bis-Man Transit membership card to the driver when boarding the bus. (Refer to section 3.5 - Eligibility Process to apply for paratransit certification)

***Section 3.3 - Visitors***

[ADA Regulation 49 CFR 37.127]

Individuals certified as eligible by another public entity that claim to be "ADA Eligible," are presumed to be eligible and will be similarly provided service. Any limitation/condition placed upon a certification by another public entity will be honored for paratransit services. Verification of this eligibility may be required.

***Section 3.4 - Temporary Disabilities***

An individual with a temporary disability that meets paratransit eligibility criteria will be issued a temporary Bis-Man Transit paratransit ID card upon completion of the Bis-Man Paratransit Application. An example of a temporary disability is a broken leg.

***Section 3.5 - Conditional Disabilities***

An individual with a conditional disability that meets paratransit eligibility criteria will be issued a "Conditional" Bis-Man Transit paratransit ID card upon completion of the Bis-Man Paratransit Application. An example of conditional disability is difficulty with mobility in temperatures below freezing.

***Section 3.6 - Eligibility Process for Persons with Disabilities***

[ADA Regulation 49 CFR 37.125]

Applicants must submit a completed, written application to Bis-Man Transit at 3750 E Rosser Ave, Bismarck, ND 58501. Applications may be faxed to 701.258.6752 or e-mailed to [info@bismantransit.com](mailto:info@bismantransit.com).

For the purpose of determining eligibility for paratransit services, the individual applying for services must fill out the paratransit application in its entirety.

Bis-Man Transit is responsible for reviewing applications and determining eligibility. A written response stating the determination of eligibility will be mailed to the applicant within 21 calendar days of receipt of a completed application and appropriate provider verification. Determination of ineligibility will include reasons for the finding.

Approved riders will be issued a Bis-Man Transit membership card stating they are eligible for paratransit. This membership card shall include the following:

- Assigned Bis-Man Transit rider ID number
- Name of the eligible rider
- Address of the eligible rider
- Expiration date of rider eligibility. For Unconditional Eligibility, this is 3 years from the certification date.

Rider's must complete the recertification application every three years to ensure Bis-Man Transit has current contact information.

### ***Section 3.7 - Application Form***

The following contents of the Bis-Man Transit Application for Transit Services will be utilized by Bis-Man Transit in determining and notifying individuals of eligibility for paratransit service:

- General Information (contact, date of birth, emergency contact information)
- "About Your Disability"
- "Getting to and From the Bus Stop"
- "Tell us about what you can do & what affects your abilities"
- "Using the fixed route bus"

Applicants age 70 or older must submit a copy of a state issued identification card. Applicants with a disability must provide contact information for Health Care Professional who will be able to verify the application. Bis-Man Transit staff will contact the provider directly.

### ***Section 3.8 Appeal Procedure***

A determination of eligibility will be made by Bis-Man Transit within 21 days of the completed application process. NOTE: Applications are not considered complete until the professional verification has been received and if required an interview is completed. Bis-Man Transit will notify you in writing with the decision of your eligibility status. If it is determined that you are able to use the fixed route service and are found not eligible for paratransit service, Bis-Man Transit will provide explanation for the determination. If you are determined "Not Eligible", or are dissatisfied with your eligibility type, you may appeal the decision. A written request to appeal the decision must be received within 60 days of the written eligibility notification letter.

Submit a letter stating your wish to appeal the decision that was made. You may include information as to why you feel you were incorrectly denied (or limited) for ADA Paratransit service and attach copies of

any other information you feel supports your appeal, though this is not required. A hearing date will be set for within thirty (30) days of receipt of the appeal request.

The decision of the appeals committee will be given within thirty (30) days of the hearing date, and will be provided in writing (and/or other accessible formats as requested). The decision made by the appeal panel will be the final determination. You may then only re-submit an application if your condition changes. ADA Paratransit service will not be provided for new applicants during the appeal process, unless the appeal process cannot be concluded within thirty (30) days.

**Appeals must be in writing and forwarded to:**

Executive Director  
c/o Bis-Man Transit  
3750 East Rosser Avenue  
Bismarck, ND 58501

## SECTION 4: PARATRANSIT TRIP RESERVATIONS PROCEDURES

[ADA 49 CFR 37.131 (b)]

### ***Section 4.1 - Reservations***

The following telephone number must be called to reserve a ride:

701.223.9901

Call volumes tend to be higher on weekends, so riders are encouraged to schedule their rides Monday-Friday.

Individuals who utilize a text telephone or TDD should call the Relay Service at 7-1-1 to get assistance in reserving a ride.

### ***Section 4.2 - Advance Notice Requirement***

Reservations may be made no more than fourteen (14) calendar days prior to when the individual wishes to ride. Rides need to be scheduled at least the day prior by calling the scheduling dispatch assistants at 701.223.9001 (select option 1) between the hours of 8:00 AM and 5:00 PM Monday to Saturday; 8:00 AM and 2:30 PM on Sunday. Trips may also be scheduled by leaving a voice message with dispatch from 2:30 PM to 5:00 PM on Sundays.

Medical appointments and some work arrangements allow for "will call" returns. In the case of a "will call," the rider is allowed to call the scheduling line when their appointment is done and the dispatcher will send a vehicle as soon as possible. If a rider has a return trip scheduled for his or her medical appointment or work and he or she will be delayed past the scheduled ride time due to unforeseen circumstances, the rider needs to call the scheduling line immediately and we will attempt to reschedule the trip and accommodate the rider on a space available basis.

### ***Section 4.3 - Reservation Procedures***

Paratransit trips will be coordinated to transport as many riders as possible.

When calling the scheduling line, have the following information ready:

- Name
- Date ride is needed
- Pickup location
- Destination
- Time that the rider needs to arrive at the destination
- If a companion or escort will be accompanying the rider
- If a rider assistance is needed by the driver (what type of assistance)
- Time of return trip

The scheduler that takes the call will give an estimated time that the bus will pick the rider up for the trip and for the return trip.

***Section 4.4 - Reservation Cancellation***

A rider up to 30 minutes prior to the scheduled pickup time may cancel reservations without being penalized with a no-show. (Refer to Section 6.2 - Penalties Imposed for "No Shows").

***Section 4.5 - Subscription Service***

[ADA Regulation 49 37.133]

If a rider wishes to ride at the same time and to the same destination on a regular basis, he or she may make a subscription reservation. Subscription service may not absorb more than fifty (50) percent of the number of trips available at any given time of the day, unless there is a non-subscription capacity.

Subscription reservations are restricted during all weekday peak demand operating hours to the following trip purposes: work (including volunteer), school, medical/counseling services, meals and social service programs. The dispatcher may reschedule or rearrange subscription reservations as needed for efficient use of vehicles and the rider will be notified of the change.

***Section 4.6 - Same Day Request for Early Pickups***

Requests to change your return pickup time because you are ready early will be accepted, but there is no guarantee that the time will be changed. The only exception to this will be return trips from appointments that are set up as "will calls." In this case, every effort will be made to adjust the rider's return trip pickup time and assign another vehicle to pick him or her up at a later time.

## **SECTION 5: PARATRANSIT PICKUP AND TRAVEL PROCEDURES**

### ***Section 5.1 - Pickup Procedures***

The rider will be provided with a scheduled pickup time. All riders should be ready 15 minutes prior to their scheduled pickup time and allow 15 minutes to pass beyond their pickup time before calling the scheduling line at 701.258.6817 to inquire about their ride. The driver will wait five (5) minutes beyond the scheduled pickup time for the rider to appear. If the rider does not appear within the five minutes, he or she will be considered a no-show.

If the vehicle arrives earlier than 15 minutes prior to the scheduled pickup time, dispatch will attempt to contact the rider. If the rider is not yet ready, the driver will wait until scheduled pickup time before beginning to count the five minutes allowed for the rider to appear.

If the paratransit vehicle arrives more than 15 minutes later than the scheduled time under normal weather, road and operating conditions, and the rider chooses not to take the ride this will be considered a "missed trip" rather than a "no show". If the rider decides to still take the trip; the rider may not be obligated for pay the fare if he or she calls the Bis-Man Transit office at 701.258.6817 and discusses the situation with the Transit Director.

The entrance to the building where the rider is picked up will be the same entrance the rider will be brought back to unless the scheduler is notified otherwise at the time the rider is booking the ride.

### ***Section 5.2 - Companions***

[ADA Regulation 49 CFR 37.123 (f)]

Eligible riders may take one (1) companion with them. The beginning and ending destination of this companion must be the same as the Bis-Man Transit rider. Companions must pay for their ride (refer to Section 2.5 -Rider Fares). Additional companions may be accommodated on a space available basis. Escorts are not counted as companions.

### ***Section 5.3 - Escorts***

[AD A Regulation 49 CFR 37.123 (f) and 37.131 (c) (3)]

The escort (also known as a personal care attendant) is defined as someone designated or employed specifically to help the eligible rider meet his or her personal needs. An escort is allowed to ride free. If a rider requires an escort, he or she must indicate this on the application for eligibility form or notify the main office by calling 701.258.6817 if the need arises after the person becomes a rider. Escorts must have the same origin and destination as the eligible individual. Escorts must remain with the rider during the complete trip.

### ***Section 5.4 - Origin to Destination Service***

[ADA Regulation 49 CFR 37.129]

On request, the driver will assist riders between the vehicle and the entrance of a house, apartment building, or other building. Such assistance must be requested in advance by notifying the dispatcher

when the rider makes the reservation. If the rider has indicated on his or her application that he or she requires driver assistance regularly, the schedulers shall indicate this on the rides for all future trips.

Driver assistance ends when the driver has assisted the rider in getting to the main door of the building. If the rider needs additional assistance beyond the main door, he or she needs to have someone meet him or her at the door or have an escort and/or companion ride along. The driver will not assist individuals in wheelchairs into buildings that are not accessible (other than opening doors), nor will drivers push wheelchairs through areas that have not been cleared of snow. Assistance will be provided up/down curbs.

If the destination building is locked and an escort is not with or no one is available to meet the rider, the driver may get approval from the dispatcher to return the rider to the place of origin. For the safety of the rider, consistent occurrences of disruptions to the service may result in requiring an escort to accompany the rider.

Because the vehicle will be shared, riders should limit their parcels to one armload. Packages must be kept on the rider's lap or under his or her seat. For the safety of all riders, people may not transport explosives, acids, flammable liquids, weapons, or other hazardous materials.

Drivers are allowed to assist with carrying one load of packages per trip (maximum total weight of 25 pounds). For grocery trips, the number of packages is still limited to one trip. Small personal grocery carts may be brought on the paratransit vehicle; however, they must be placed behind a seat out of the aisle. A limit on the number of packages is established due to the available space and time required to carry the items. Packages may be placed on the floor as long as they don't interfere with wheelchair securements.

During the winter months, it is the riders' responsibility to ensure that all sidewalks and pathways are clear of snow at their residence. If a rider cannot be accommodated because of impossible boarding conditions, then the trip is considered cancelled.

#### ***Section 5.5 - Use of Ramp/Lift and Securement Inside Paratransit Buses***

[ADA Regulation 49 CFR 37.165)

For those riding in wheelchairs, the driver will secure the wheelchair using the vehicle's securement system. Wheelchairs must be secured during transport. Refusal by the rider to allow securement devices to be used will result in denial of service.

[ADA Regulation 49 CFR 37.165]

It is recommended, for safety reasons, that electrically powered wheelchairs must have the main power switch placed in the "off" position at all time while the vehicle is in motion.

With respect to wheelchair/occupant combinations that are larger or heavier than those to which the design standards for vehicles and equipment of 49 CFR part 38 refer, Bis-Man Transit will carry the wheelchair and occupant if the lift and vehicle can accommodate the wheelchair and occupant. Bis-Man Transit may decline to carry a wheelchair/occupant if the combined weight exceeds that of the lift specifications or if carriage of the wheelchair is demonstrated to be inconsistent with legitimate safety requirements.

Bis-Man Transit may recommend to a user of a wheelchair that the rider transfer to a vehicle seat.

Where necessary or upon request, Bis-Man Transit personnel shall assist individuals with disabilities with the use of securement systems, ramps and lifts. If it is necessary for the personnel to leave their seats to provide this assistance, they shall do so.

Bis-Man Transit shall permit individuals with disabilities who do not use wheelchairs, including standees, to use a vehicle's lift or ramp to enter the vehicle.

The definition of "wheelchair" specifically includes mobility scooters, and contains no requirements for brakes, footrests, push handles or other equipment.

Drivers and riders shall use seat belts at all times. Drivers shall instruct each rider to use the belt. Before pulling away from a stop, drivers shall make sure that riders are seated with seat belts properly secured. Children under the age of seven (7) who weigh less than 80 pounds and are less than 4'9" (57 inches) tall shall use an approved child restraint system at all times. The child restraint system is to be provided by the customer. Failure to use the seat belt and/or child restraint system shall result in denial of transportation services to the rider for that trip.

Exceptions to the mandatory seat belt requirements will be made for medical reasons upon receipt of a written statement from a physician, stating that the individual cannot be safely transported using seat belts because of a medical condition, body size, or physical disability.

#### ***Section 5.6 - Capacity Constraints***

Bis-Man Transit will monitor service levels to determine the need to increase or reduce service to meet the transportation needs of riders. Therefore, records are kept and reviewed monthly of untimely pickups, missed trips, and excessively long trips (see definitions below) in order to consider the need for additional vehicles to meet capacity. There must be a consistent pattern and problems must be considered substantial in order to identify capacity constraints. If a significant capacity constraint is identified, additional vehicles may be placed into service to meet the demand.

Missed trip - Trips that are not completed because the vehicle arrived more than 15 minutes later than the scheduled time will be considered a "missed trip."

Excessively long trips - Travel time between pickup and drop off of more than one hour will be considered an "excessively long trip."

Bis-Man Transit is not responsible for operational problems caused by circumstances beyond our control such as unanticipated weather or traffic problems (trains, accidents, etc). Such problems will not be considered in establishing whether or not patterns that limit the availability of service exist.

The Bis-Man Transit driver cannot change a route (pickup or destination points) or make detours upon a rider request without first informing the dispatcher and receiving authorization.

#### ***Section 5.7 - Service Animals and Life Support Equipment***

[ADA Regulation 49 CFR 37.167]

ADA paratransit eligible riders may travel with service animals trained to assist them. Service animals include guide dogs used by persons with vision or hearing impairments and dogs and other animals that

provide aid to persons with mobility problems. Riders should tell the scheduler when reserving trips that a service animal will be traveling with. Eligible riders may travel with portable life support equipment such as respirators and portable oxygen.

**Service Animals:** The ADA defines a service animal as any guide dog, signal dog, or other animal individually trained to aid an individual with a disability. If the animal meets this definition, animals are considered service animals under the ADA regardless of whether they have been licensed or certified by a state or local government.

Emotional support animals are not considered service animals under ADA. Transit operators may ask the rider what kind of assistance or service the animal performs but cannot ask for proof of service certificate.

The Department of Justice states: You may exclude any animal, including a service animal, from your facility when that animal's behavior poses a direct threat to the health or safety of others. For example, any service animal that displays vicious behavior toward other riders or the driver may be excluded.

People may not make assumptions, however, about how a particular animal is likely to behave based on past experience with other animals. Each situation must be considered individually.

#### ***Section 5.8 - Prohibited Activities***

Smoking, drinking, or eating is not permitted in Bis-Man Transit vehicles. Smoking is not permitted within 20 feet of Bis-Man Transit vehicle doors and windows.

#### ***Section 5.9 - Animals***

Pets may be brought on Bis-Man Transit vehicles if they are contained within a pet carrier during the whole trip duration.

#### ***Section 5.10 - Children***

ADA eligible children age eight (8) and under are required to be accompanied by an adult, who will serve as the child's escort. If special equipment is needed to transport an infant or toddler, the family member or guardian accompanying the rider must provide the equipment (such as a car seat). The adult escort will not pay a fare.

## SECTION 6: PARATRANSIT TRIP CANCELLATIONS AND DENIALS

### ***Section 6.1 - Cancellations Procedures***

Rides must be cancelled at least 30 minutes prior to the scheduled pickup time, otherwise the ride will be considered a "no show". Bis-Man Transit requests that cancellations be called in as soon as possible as a courtesy to others needing a ride.

The dispatcher's clock is the correct time for determining lateness of cancellations. Clocks at the Bis-Man Transit office are regulated by atomic clocks on satellite time. Refer to a cell phone or atomic clock for the same time as ours.

### ***Section 6.2 - Penalties Imposed for "No-Shows"***

[Federal Regulation 49 CFR 37.125 (h)]

In order to be considered "a no show", each of the following conditions has occurred:

- The customer has a scheduled paratransit trip.
- The ADA vehicle arrives at the scheduled pick-up point within the scheduled thirty (30) minute pick-up window.
- The driver waits at least five (5) full minutes beyond the start of the scheduled pick-up window, and the customer fails to board the vehicle.

Late cancellations will be counted as a no-show for the purposes of this policy.

A late cancellation occurs when the customer (or customer's representative) fails to call dispatch thirty (30) minutes or more prior to the scheduled pick-up time to cancel their ride.

If the customer has more than one ride scheduled, having a no-show does not automatically cancel the rest of the rides for the day. It is still the customer's responsibility to call and cancel the remaining rides for the day. If the rides are not cancelled and the customer does not ride, the result would be additional no-shows.

A demonstrated pattern of late cancellations or no-shows is a serious disruption of service. Once a customer reaches three (3) no-shows or late cancellations in a single calendar month, and these incidents total ten percent (10%) or more of your scheduled trips within that calendar month, the Bis-Man Transit No Show Policy will take effect. No customer shall be suspended from service for having two or fewer no-shows or late cancellations in a month. After a violation is issued, the count for the next violation starts at zero (0). Each violation stays on the customer's record for twelve (12) months from the day it was issued. After twelve (12) months from the day a violation is issued, that violation will be cleared from the customer's record.

On the day the rider violates the no-show/late cancellation policy, the following progressive action will be taken:

- First violation — A warning letter will be issued advising the rider that they have violated Bis-man Transit's no-show/late cancellation policy.
- Second violation — Customer will receive a seven (7) day suspension.
- Third violation — Customer will receive a fourteen (14) day suspension.

- Fourth violation — Customer will receive a twenty-one (21) day suspension.
- Subsequent violations will result in an additional seven (7) day suspension.

#### Appealing a Warning or Suspension

Customers are given the opportunity to appeal a suspension of service with Bis-Man Transit. If any customer using the Bis-Man Transit system has a concern, disagreement, or appeal, they are asked to submit their issue in writing within 60 days of the notice. Customers may waive their right to appeal and complete the suspension to avoid further delays.

The Appeals Panel will investigate all written appeals and issue a decision within five (5) working days. The Panel includes the Bis-Man Transit Executive Director, or designee, and two other staff members who were not involved in the initial No-Show suspension determination. The Panel will review information provided by the customer (or the customer's representative) as well as ride reports and decide whether to uphold the suspension or excuse it.

If the individual is not satisfied with the decision received from the Appeals Panel, they have the right to appeal the decision to the Bis-Man Transit Board of Directors. Said appeal will be heard at the Bis-Man Transit Board of Director's next regularly scheduled meeting. After the Board of Directors' has reviewed the basis of the appeal, a written decision will be provided within ten working days of the Board meeting.

Bis-Man Transit Paratransit service shall be provided to the customer until the decision on the appeal is made.

If the individual is not satisfied with the response received from the Administrative office, they have the right to appeal the decision to the Bis-Man Transit Board of Directors at their next scheduled meeting. After the Board of Directors has reviewed the situation, they will provide a written response within ten (10) working days.

No-shows are EXCUSED when the trip is missed for the following reasons:

- The customer has a family emergency
- Mobility aid failure
- Appointment canceled/delayed for reasons not the customer's fault
- Adverse weather: Snowstorm, extreme heat, or extreme cold
- Staffing error: The transit coordinator did not make all the cancellations the client requested; or a customer just found out the ride was scheduled for the wrong day, time, or location; or the customer was not informed that their pick-up time was changed, and was not ready.

No-shows or cancels are NOT EXCUSED when the trip is missed for the following reasons:

- Customer didn't want to travel today
- Customer changed their mind about using appointment
- Customer didn't know or forgot that they had a ride scheduled or was supposed to call to cancel
- Customer got another ride
- Customer told someone else they were not planning to travel (driver, facility, etc.)
- Someone else scheduled the ride for them
- Customer does not want to ride with a specific driver or passenger, or on a specific vehicle

***Section 6.3 - Refusal of Service***

[Federal Regulation 49 CFR 37.5 (h)]

Service may be refused to anyone who is seriously disruptive or commits an illegal or violent act in violation of an established regulation or law. An example would be a rider that refuses to use a seat belt during travel.

Seriously disruptive behavior does not include conduct related to a rider's disability that may be disruptive or annoying to other riders. An example of this is a person with Tourette's syndrome who may periodically utter involuntary profane statements.

Bis-Man Transit reserves the right to deny entrance into a vehicle if the rider appears disorderly or leads the driver to conclude that the rider will exhibit disruptive behavior that would pose a safety threat not only to the driver, but also the other riders, including, but not limited to, intoxication and use of illegal drugs.

The use of offensive language when addressing the scheduler, driver or other riders is not allowed. Refusal to discontinue usage upon request may result in trip denial.

Denials of service shall be recorded. A copy of the record can be provided to the rider or the rider's legal guardian upon request.

***Section 6.4 - Condition of Service***

Bis-Man Transit reserves the right to require an escort when transporting a rider that has a documented medical or behavioral condition that could pose an unsafe situation for the rider, driver, or other riders. Bis-Man Transit may suspend eligibility or permanently revoke riding privileges if our records indicate that the rider has threatened or abused a driver or other rider.

**TITLE VI AND NON-DISCRIMINATION POLICY STATEMENT**

Bis-Man Transit hereinafter referred to as the “TRANSIT AGENCY” is committed to compliance with Title VI of the Civil Rights Act of 1964 and all related regulations and statutes. The TRANSIT AGENCY assures that no person or groups(s) of persons shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any and all programs, services, or activities administered by the TRANSIT AGENCY, regardless of whether those programs and activities are federally funded or not. In addition to Title VI, there are other nondiscrimination statutes which include sex, age, and disability.

These requirements define an over-arching Title VI/Nondiscrimination and ADA Program.

The TRANSIT AGENCY also assures that every effort will be made to prevent discrimination through the impacts of its programs, policies, and activities on minority and low-income populations. In addition, the TRANSIT AGENCY will provide meaningful access to services for persons with Limited English Proficiency for language assistance free of charge to the person upon request.

In the event the TRANSIT AGENCY distributes federal-aid funds to a subrecipient, the TRANSIT AGENCY will include Title VI language in all written agreements and will monitor for compliance.

### **Inclusive Public Participation Plan**

Bis-Man Transit follows the Bismarck-Mandan Metropolitan Planning Organization's Public Participation Plan (see Appendix D) for any public hearings, public meetings or reviews. The latest Transit Development Plan (TDP) was approved in April 2019. The MPO and Bis-Man Transit utilized various activities to increase the public's participation and interest in the TDP including:

1. A very "user friendly and reactive web page" was used to answer questions and comments from the public during the process.
2. Bis-Man Transit gave free bus rides to the TDP public meetings.
3. We have a variety of methods for the public to use to discussing transit issues. These methods include phone, e-mail, fax, social media sites (Facebook and Twitter), and in-person visits to the MPO or Bis-Man Transit office.
4. Public outreach through "meet and greets" at various educational and employment centers throughout the area.

In regard to engaging minority, disabled, and low income community members, Bis-Man Transit has public meetings in accessible meeting locations, during evening hours, and provides a variety of methods to communicate concerns, questions or comments.

Since the last Bis-Man Transit Title VI Program submission, Bis-Man Transit has developed and maintained social media accounts on Facebook and Twitter for the fixed route Capital Area Transit (CAT) service. Sites are updated at least weekly, and often multiple times a week, with pertinent updates and to encourage public comment and participation. Television, newspaper and radio marketing has also increased to inform the public about transit services and events.

The Bismarck-Mandan MPO, with Bis-Man Transit as an important member, employs numerous methods to reach "all people" with plans and studies. Accommodations are also made available to facilitate public attendance and participation at all meetings.

## INTRODUCTION

This *Limited English Proficiency Plan* has been prepared to address the Bis-Man Transit responsibilities as a recipient of federal financial assistance as they relate to the needs of individuals with limited English proficiency language skills. The plan has been prepared in accordance with Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000d, et seq, and its implementing regulations, which state that no person shall be subjected to discrimination on the basis of race, color or national origin.

Executive Order 13166, titled ***Improving Access to Services for Persons with Limited English Proficiency***, indicates that differing treatment based upon a person's inability to speak, read, write or understand English is a type of national origin discrimination. It directs each agency to publish guidance for its respective recipients clarifying their obligation to ensure that such discrimination does not take place. This order applies to all state and local agencies which receive federal funds, including all Bis-Man Transit departments receiving federal grant funds.

### Plan Summary

Bis-Man Transit has developed this ***Limited English Proficiency Plan*** to help identify reasonable steps for providing language assistance to persons with limited English proficiency (LEP) who wish to access services provided. As defined Executive Order 13166, LEP persons are those who do not speak English as their primary language and have limited ability to read, speak, write or understand English. This plan outlines how to identify a person who may need language assistance, the ways in which assistance may be provided, staff training that may be required, and how to notify LEP persons that assistance is available.

In order to prepare this plan, the Bis-Man Transit used the four-factor LEP analysis which considers the following factors:

1. The number or proportion of LEP persons in the service area who may be served by the Bis-Man Transit.
2. The frequency with which LEP persons come in contact with Bis-Man Transit services.
3. The nature and importance of services provided by Bis-Man Transit to the LEP population.
4. The interpretation services available to Bis-Man Transit and overall cost to provide LEP assistance. A summary of the results of the four-factor analysis is in the following section.

### MEANINGFUL ACCESS: FOUR-FACTOR ANALYSIS

- 1. The number or proportion of LEP persons in the service area who may be served or are likely to require Bis-Man Transit services.**

The Bis-Man Transit staff reviewed the 2014-2018 ACS 5-Year Data Profile and determined that 1,415 individuals have limited English proficiency; that is that they speak English less than "very well" or "not at all." This is 1.2% of the overall population over the age of 5 in the Bismarck-Mandan Metropolitan Statistical Area (MSA). The percent of total LEP population speaking Spanish is 1.2%; Indo-European Languages, 0.5%; Asian-Pacific Island Languages, 0.1%; Other Languages, 0.1%.

***Based on the 1,000 person or 5% threshold, there is no individual language group that falls under the Safe Harbor Provision in the Bismarck-Mandan MSA.***

**2. The frequency with which LEP persons come in contact with Bis-Man Transit services.**

The Bis-Man Transit staff reviewed the frequency with which the Bis-Man Transit board and advisory committee members and Bis-Man Transit staff have, or could have, contact with LEP persons. This includes documenting phone inquiries or office visits. To date, the Bis-Man Transit has had no requests for interpreters and no requests for translated program documents. The Bis-Man Transit board and advisory committee members and Bis-Man Transit staff have had very little contact with LEP persons related to Bis-Man Transit services.

**3. The nature and importance of services provided by Bis-Man Transit to the LEP population.**

There is no large geographic concentration of any type of LEP individuals in the service area for the Bis-Man Transit. The overwhelming majority of the population, 96%, speaks only English. As a result, there are few social, service, professional and leadership organizations within the Bis-Man Transit service area that focus on outreach to LEP individuals. The Bis-Man Transit Board advisory committee members and Bis-Man Transit staff are most likely to encounter LEP individuals through the transportation of clients.

**4. The resource available to Bis-Man Transit and overall costs to provide LEP assistance.**

Bis-Man Transit reviewed its available resources that could be used for providing LEP assistance, which of its documents would be most valuable to be translated if the need should arise. Language translation if needed would be provided through a telephone interpreter line for which the city would pay a fee.

## **LANGUAGE ASSISTANCE**

A person who does not speak English as their primary language and who has a limited ability to read, write, speak or understand English may be a Limited English Proficient person and may be entitled to language assistance with respect to Bis-Man Transit services. Language assistance can include interpretation, which means oral or spoken transfer of a message from one language into another language and/or translation, which means the written transfer of a message from one language into another language.

How the Bis-Man Transit staff may identify an LEP person who needs language assistance:

- Post notice of LEP Plan and the availability of interpretation or translation services free of charge in languages LEP persons would understand.
- All Bis-Man Transit staff will be provided with "I Speak" cards to assist in identifying the language interpretation needed if the occasion arises.
- All Bis-Man Transit staff will be informally surveyed periodically on their experience concerning any contacts with LEP persons during the previous year.
- When the Bis-Man Transit sponsors an informational meeting or event, an advanced public notice of the event should be published including special needs related to offering a translator (LEP) or interpreter (sign language for hearing impaired individuals).

Additionally, a staff person may greet participants as they arrive. By informally engaging participants in conversation it is possible to gauge each attendee's ability to speak and understand English. Although translation may not be able to be provided at the event it will help identify the need for future events.

### **Language Assistance Measures**

Although the Bismarck-Mandan MSA has a very low percentage in of LEP individuals, that is, persons who speak English "not well" or "not at all," Bis-Man Transit will strive to offer the following measures:

1. The Bis-Man Transit staff will take reasonable steps to provide the opportunity for meaningful access to LEP clients who have difficulty communicating English.
2. The following resources will be available to accommodate LEP persons:
  - Language interpretation will be accessed for non-English languages through a telephone interpretation service.

### **STAFF TRAINING**

The following training will be provided to all staff:

- Information on the Title VI Policy and LEP responsibilities.
- Description of language assistance services offered to the public.
- Use of the "I Speak" cards.
- Documentation of language assistance requests.
- How to handle a potential Title VI/LEP complaint.

**All contractors or subcontractors performing work for Bis-Man Transit will be required to follow the Title VI/LEP guidelines.**

### **TRANSLATION OF DOCUMENTS**

Bis-Man Transit weighed the cost and benefits of translating documents for potential LEP groups. Considering the expense of translating the documents, the likelihood of frequent changes in documents and other relevant factors, at this time it is an unnecessary burden to have any documents translated.

Due to the very small local LEP population, Bis-Man Transit does not have a formal outreach procedure in place, as of 2014. Translation resources have been identified and are limited in this region. However, when and if the need arises for LEP outreach, Bis-Man Transit will consider the following options:

- When staff prepares a document, or schedules a meeting, for which the target audience is expected to include LEP individuals, then documents, meeting notices, flyers, and agendas will be printed in an alternative language based on the known LEP population.

## **MONITORING**

**Monitoring and Updating the LEP Plan** – Bis-Man Transit will update the LEP Plan as required. At a minimum, the plan will be reviewed and updated when data from the latest Decennial U.S. Census is available, or when it is clear that higher concentrations of LEP individuals are present in the Bis-Man Transit service area. Updates will include the following:

- The number of documented LEP person contacts encountered annually.
- How the needs of LEP persons have been addressed.
- Determination of the current LEP population in the service area.
- Determination as to whether the need for translation services has changed.
- Determine whether local language assistance programs have been effective and sufficient to meet the need.
- Determine whether the Bis-Man Transit financial resources are sufficient to fund language assistance resources needed.
- Determine whether Bis-Man Transit fully complies with the goals of this LEP Plan.
- Determine whether complaints have been received concerning the agency's failure to meet the needs of LEP individuals.
- Maintain a Title VI complaint log, including LEP to determine issues and basis of complaints.

## **DISSEMINATION OF THE BIS-MAN TRANSIT LEP PLAN**

- Post signs at conspicuous and accessible locations notifying LEP persons of the LEP Plan and how to access language services.
- State on agendas and public notices in the language that LEP persons would understand that documents are available in that language upon request at 701-355-1840.

## Transit Related Title VI Investigations, Complaints and Lawsuits

There have not been any lawsuits, complaints or investigations relating to Bis-Man Transit since the last Title VI report in March 2017.

## Membership of Non-Elected Committees and Councils

The Bis-Man Transit Board elects their own members. Therefore, Bis-Man Transit has decided to document the membership of persons who represent minority classes. Although Transit's Board of Directors is not ethnically diverse, other minority and protected classes—including disabled persons and women—are highly represented. Overall this assembly reflects the local population, whose composition is not dominated by ethnic minorities.

### Minority Populations Represented on Bis-Man Transit Board of Directors

## Monitoring of Subrecipients Title VI Compliance

All contractors or subcontractors performing work for Bis-Man Transit will be required to follow Title VI / LEP guidelines. Such assurance is made at the time the contract is established.

## Title VI Equity Analysis of Newly Constructed Facilities

There have been no newly constructed facilities since the last Title VI plan was completed in 2017.

## **Bis-Man Transit System-Wide Service Standards and Policies**

### **Scope of Service Standards and Policies:**

Title 49 CFR states that “[n]o person or group of persons shall be discriminated against with regard to the to routing, scheduling, or quality of service of transportation service furnished as a part of the project on the basis of race, color, or national origin. Frequency of service, age and quality of vehicles assigned to routes, quality of stations serving different routes, and locations of routes may not be determined on the basis of race, color, or national origin.” Service Standards and Policies are designed as qualitative controls, set by Bis-Man Transit to assess their operational practices and ensure that service design does not discriminate against Title IV protected classes.

### **Service Standards:**

- **Vehicle Load Standard**  
Fixed route buses should not exceed capacity during peak times, which will include a maximum number of 38 passengers on 30’ buses and 50 passengers on 35’ buses. To ensure safe and proper load standards, Bis-Man Transit will deploy only large buses on its heaviest routes during peak periods.
- **Vehicle Headway Standard**  
Bis-Man Transit deploys only one bus per fixed route at all times and days of operation. Further, there are no plans to develop routes with multiple vehicles. Therefore, headway standards do not apply to the Capital Area Transit (CAT) services.
- **On Time Performance Standard**  
Between 90 and 95 % of CAT buses will complete their routes no more than 5 minutes early or late in comparison to the published schedules.
- **Service Availability Standard**  
Fixed route buses will continue to employ a flag system that allows passengers to begin or terminate a ride at the nearest safe corner to their current/desired location. Transit services will be distributed in a way to encompass the majority of the Bismarck-Mandan community.

### **Bis-Man Transit Service Policies:**

- **Transit Amenities Policies**  
Transit will provide benches at all shelters along bus routes. Shelters will be constructed based upon the number and frequency of passengers and in accordance with city ordinances. Passengers will have the right to request benches at timing and transfer points. Transit will provide benches provided there is no objection from surrounding businesses to said fixtures.
- **Vehicle Assignment Policies**  
All 30’ CAT buses are comparable, if not the same, in seating and comfort standards. These buses will be deployed on random rotational basis to all routes throughout the Bis-Man community. The larger 35’ buses will be utilized during peak travel times on

routes with the highest average ridership, as these vehicles have the capacity to carry the largest influx of riders.

**Section 8.2 – Reasonable Modification Plan/Complaint Process****REASONABLE MODIFICATION POLICY**

In accordance with ADA regulations, it is the policy of Bis-Man Transit to provide individuals with disabilities with a reasonable modification to its policies, practices, and procedures so that they can access Bis-Man Transit's programs, facilities and services.

**What is a reasonable modification?**

A reasonable modification is a change or exception to a policy, practice, or procedure which allows people with disabilities to have equal access to programs, services and activities. Reasonable modifications must always be related to the individual's disability.

**What is the process for requests?**

Whenever possible, requests for reasonable modifications shall be made and determined in advance. An advance request for reasonable modification can be sent to:

Bis-Man Transit  
3750 East Rosser Ave Bismarck, ND 58501  
Telephone: 701.258.6817  
Email: info@bismantransit.com

The request shall include:

- Your contact information;
- A description of what you need in order to use a Bis-Man Transit service; and
- What changes or modifications you believe would be necessary to provide you full access to Bis- Man Transit's services.

Bis-Man Transit will use its best efforts to make a response as soon as practical. In some instances, additional information will be necessary to process the request. Please ensure your contact information is included with your request.

**What is the process for making on the spot requests?**

Bis-Man Transit understands it may not be possible for a reasonable modification request to be made and determined in advance. In these instances, please request a reasonable modification with a Bis-Man Transit operator at the time of issue. A response to an on the spot request will be made at the time of the request. Responses to on the spot requests can include: granting the request, denying the request, or referring the passenger to Bis-Man Transit management for further processing. Operators will generally seek assistance from Bis-Man Transit management during these instances via the two-way radio.

**For what reasons may Bis-Man Transit deny a reasonable modification request?**

Bis-Man Transit may deny a reasonable modification request, whether made in advance or on the spot, for the following reasons:

1. Granting the request would fundamentally alter the nature of Bis-Man Transit's services, programs or activities;
2. Granting the request would create a direct threat to the health or safety of others;
3. The individual with a disability is able to fully use the entity's services, programs, or activities for their intended purpose without the need of a modification; and/or
4. Granting the request would cause Bis-Man Transit undue financial or administrative burden.

If a request is denied, Bis-Man Transit will act to the maximum extent possible to ensure the individual receives Bis-Man Transit's services or benefits.

**What are examples of reasonable modifications Bis-Man Transit generally will grant?**

Bis-Man Transit will generally grant the following reasonable modification requests for individuals with disabilities:

- A request from a passenger whom has diabetes (or another medical condition) to eat or drink aboard a vehicle in order to avoid adverse health consequences so long as the drink is in a spill proof container and the food is a small snack that cannot cause any spills;
- A request for transit personnel to handle fare media when the passenger with a disability cannot pay the fare by the generally established means; for instance, when the passenger cannot reach or insert a fare into the fare box themselves;
- A request from a wheelchair user to board a vehicle separately from his or her device (if the individual is capable of doing so) when the occupied weight of the device exceeds the design load of the vehicle lift.

This list of examples is neither exhaustive nor exclusive. Passengers with disabilities are encouraged to contact Bis-Man Transit with specific reasonable modification requests.

It is Bis-Man Transit's goal to operate a safe, efficient, and effective transportation system that provides mobility and accessibility to persons with disabilities.

The request should be as specific as possible and include information on why the requested modification is needed in order to allow the individual to use Bis-Man Transit services. Bis-Man Transit will make every effort to communicate determinations on requests for modifications in advance of when the service will be needed verbally or in writing.
